

10 REASONS TO SUPPORT MIKE BISHOP FOR MICHIGAN ATTORNEY GENERAL

Senator Mike Bishop has been a strong, conservative leader for Michigan, standing up (along with fellow Senate Republicans) to liberal, big government policies of Jennifer Granholm and the Democrat controlled Michigan House of Representatives. Mike has stood on principle, even against leaders in his own party, as a standard bearer for the ideals of limited, Constitutional government.

These are 10 reasons why Mike Bishop should be nominated as the Republican candidate for Attorney General (in no particular order):

- 1) Mike Bishop believes as a public servant, he has a duty to represent his constituents in an ethical, transparent and cost effective way. That's why he has a **100% attendance record** (never missed a vote) and has continuously introduced legislation to create **part-time legislature**, with part-time pay.
- 2) Mike Bishop was the author of the **Identity Theft Protection Act**, protecting individual sovereignty by making the growing crime of identity theft a felony.
- 3) Mike Bishop sponsored legislation that created the **Michigan Child Protection Registry**, allowing parents to protect their children from inappropriate solicitation on the internet. This became model legislation, adopted by states nationwide.
- 4) Mike Bishop has always been a stalwart advocate of Second Amendment rights, championing **right-to-carry** legislation ("shall issue") in his first term in public office. He is a gun owner with a CPL and a continual **A/A+ rating from the NRA**.
- 5) Mike Bishop has always been strong defender of the rights of the unborn, receiving a lifetime **100% Pro-Life** record from Michigan Right to Life.
- 6) Mike Bishop is the only candidate with extensive **private sector law experience**, having spent years representing individuals, businesses and prosecuting cases for local governments. He has been self-employed and knows how to meet a budget.
- 7) As Senate Majority Leader, Mike Bishop has been **vetted statewide by a relentless media** as the leading voice for Republicans in this state. Polls show he can win statewide and he will campaign diligently for Republicans up and down the ticket.
- 8) Mike Bishop has **reduced the size of Michigan government** throughout his term as Senate Majority Leader—putting forth \$1.1 billion in cuts this year alone. He has a **100% rating from the Michigan Chamber of Commerce** and is the only Senate Majority Leader to ever be named Michigan's "**most conservative**" member of the Senate.
- 9) Mike Bishop has been an advocate for a less intrusive government and **defending personal liberty** by opposing smoking bans and mandatory seat belt and helmet laws.
- 10) Mike Bishop is sworn in before the United States Supreme Court would be honored to **argue the case against Obamacare himself**. He will continue the lawsuit and work with other Attorney's General to resist federal legislation that places more unfunded mandates on states and violates the Constitutional rights of our citizens.

This Saturday August 28th, Republican delegates should elect a proven conservative leader with the right experience to be our next Attorney General. Mike Bishop is the most qualified, most electable and most importantly has demonstrated the political courage to stand up for what is right!

"Now isn't the time for another pick from the political elite. We need to nominate an Attorney General who can win in November and who will fight for us, not the special interests"

— Mike Bishop
